TOO OLD TO COME BACK

Bob Fitzsimmons, veteran, who fought gamely against youth and strength.

Sydney, N. S. W., Dec. 27.—Bill Lang, the Australian heavyweight, knocked out Bob Fitzsimmons in the twelfth round of their fight at Rush Cutters' Bay stadium today. The fight was evenly contested up to the last rou d, when Lang forced Fitzsimmons to the ropes, knocking him down with a right-hand blow to the jaw, and when he arose, sent him to the floor senseless with a right-hand uppercut.

Fitzsimmons had not appeared in the through the ropes and floored him with a ring in Australia since he left here for the right-hand swing. United States many years ago, and when

United States many years ago, and when he climbed through the ropes today he was given an enthusiastic reception. The veteran looked to be in splendid condition after his long period of preparation. The fighht opened rather tamely, Lang showing his extreme nervousness. He was frequently hooted for holding in the clinches and frequently butting his opponent and refusing to break clean. Fitz-simmons, on the contrary, fought cleanly and quickly became the favorite with the

As the fight progressed Lang acquired confidence and forced the pace, but Fitz-simmons cleverly evaded his rushes and frequently landed clean blows on the face and body. In a hot rally in the eleventh round Fitzsimmons cut Lang's right eye severely with a left-hand punch.

When the twelfth and last round opened, Lang rushed Fitzsimmons and been training hard, and he was somewhat stur and slow from having been so long out of the ring.

Fort Douglas will be played Tuesday night at the armory, between the Signal Corps and H company of the Fifteenth infantry. Much interest is being taken in the game, both by the guardsmen and the regulars, as each team has won one game, and the contest this week will settle the superiority between them. In the first game the fort five won by a score

The Signal Corps team has won from nearly every other team at Fort Douglas, with the exception of I company, which put it on the guardsmen to the tune of 18 to 16 last Tuesday night, in the second game of a double header. The guard team defeated B company 39 to 17 in the first game—the second victory for the corps over B company—and in the second game the I company team barely won out. The second game between these two teams will likely be played a week from Tuesday night.

RIOT ENDS ORIENTAL BALL GAME

San Francisco, Dec. 26.—Three Japanese football players were injured today in a free-for-all fight which followed the second annual contest between the Chinese Imperial eleven and the Japanese Fuji team, playing the American game. All of the players and many of the Oriental spectators joined in the fight, and hostilities were continued until a riot call summoned a squad of police to the grounds.

Los Angeles, Dec. 26.—Barney Oldfield established a new world's record for fifteen miles on a circular track, today, at Ascot Park. Driving his 126-horsepower Benz racer, Oldfield went against the record of 13:57, made by Ralph DePalma, in a Flat Cyclone, at Grand Rapids, Mich., and succeeded in clipping 14 4-5 seconds from the former record. Oldfield's time for the fifteen miles was 13:42 1-5. His fastest mile was 53 3-5 seconds. The fastest mile made today was done in Oldfield's try for the world's mile record (flying start), in which he failed to set a new mark. His time was 52 2-5 seconds.

Oldfield was an easy winner in the five-mile race with Ben Kerscher, driving a Darracq, his time being 4:47

fight seven months before the men climb into the ring, but looking over the situation of the Battle of the Century he feels confident that Jim Jeffries will collect the large end of the purse when he meets Jack Johnson on July 4.

"Now, before I go any further," he said today, "I want to say that I am looking at this great contest from the outside. It is only natural that I should hope that Jeffries wins the battle, if only to have the title remain in the white man's class. Many may shriek that there should be no color line in the fighting game, but there is and always will be as long as we are on this earth. This does not mean that I am knocking Johnson. If there was ever a colored man that was really white, Johnson is the man. If he had been born light instead of black—well, there might have been a different story. I have met both fighters time and time again and want to go on record as saying that I claim that I consider the pair two clever men in the ring; and outside of the squared circle they are men that are worth knowing.

squared circle they are men that are worth knowing.

"There is one wail that has never stopped since Jim Jeffries signed up for the battle. The croakers have chirped without drawing a long breath, 'Jeffries will have to get back his wind.' That's the best joke I ever heard since Joe Miller stopped kidding the public. One would think Jim Jeffries was an ordinary mortal. Let me tell you a thing or two. Jim Jeffries is a fighter that is produced once in a century. He is composed of tough fibers incased in a bulk that is almost unnatural.

"With all respects to Jeff, he is like a big black bear weighing a ton, full of ginger and aching for a fight. And they ask: How about his wind? That is the best joke of the year. If he has no trouble with his wind there will be no fight. Instead, the coroner will have a job on his hands trying to find out what killed a tall, wiry colored man. As long as you asked me, I want to give the inside 'dope' on this fight, and you can bet the family jewels that Tom Sharkey knows what he is saying. Let Jim Jeffries enter the ring one-half fit—remember, half fit—as the day he met me at Coney Island ten years ago, and he will win in a and ten years ago, and he will win in a canter."

Los Angeles, Dec. 26.-Jimmy McAleer, Los Angeles, Dec. 26.—Jimmy McAleer, the new manager of the Washington team of the American league, accompanied by his wife, is on his way to this city from the east, via Seattle, and is expected to arrive about January I. He is coming on a visit to his brothers, Owen and Tom McAleer, and is to be the guest of Brother Tom at 722 Kensington road.

McAleer, and is to be the guest of Brother Tom at 723 Kensington road.

In February, Jimmy is to start for Norfolk, Va., where the Senators are to train, and he will probably take his California players with him. He was here seventeen years ago and will be unprepared for the many changes that have been made in the city since then.

McAleer is considered to have been the greatest outfielder the game of baseball has ever seen, although he was only an ordinary batter. He played his greatest ball with the Cleveland Spiders, when that team was in the old National league. He learned his lessons under Patsy Tebeau, and was on the team with such men as Ed McKean, McGarr, Young, Cuppy, Zimmer and others.

When the American league was formed in 1900 McAleer was chosen manager of the St. Louis Browns, and continued in that position for eight years. He has signed a contract to manage the Washington team of the same league the coming season.

The coming fight with Jeffries Johnson said he was certain would be staged at San Francisco and he announced that he would pitch his training camp at Ocean View, just outside of San Francisco. Los Angeles, Dec. 26.-The second an-

track, Sixty-third and Main streets, next Sunday, January 2, at 2:30 p. m., promises to mark time in the motorcycle world for 1910.

For some time past the managers of this track have been busy day and night making every arrangement to make this one of the most successful and interesting events in the motorcycle world of the Pacific coast.

The headliner will be the 100-mile free-

The headliner will be the 100-mile freefor-all professional race, with such contestants as De Rosier, the world's champion; Samuelson and Whittler of Salt Lake City; Lingenfelder of Alhambra and Arthur Mitchell of Newark, N. J. With this large field of entries and the spirited rivalry between all the contestants to win the big event, lovers of the motorcycle game can feel assured of an exciting contest.

Whittler, the Salt Lake City wonder, is a new rider to this part of the country. He is considered one of the most darling riders in the world, and so far has broke all world's records for eight-lap tracks and has won nearly all the open professional races since he has been on the coast. Kederis is a rider who has elevated himself from the coal mines to the saddle. He was discovered at Seattle last summer. He is improving every day, so it is claimed by those who are capable of judging.

mind of the referee when rendering his decision. Yet last night when Johnny Thompson and Dick Hyland met at the Hippodrome in their ten-round "Delsarte movement" it is very probable that Referee Owens would have given "Fighting Dick" as good as a draw, but for the two dives he took to the mat.

Outside of that round he held his own with Thompson, and when the end was

Detroit, Dec. 25.—There are seven men in the University of Michigan who have the varsity letter for their track athletic performances, a strong squad with which to begin to build up a team. Joe Horner, the weight man, won his letter in the intercollegiate games last spring, and he has been working hard with the shot and the discus this autumn. He is looked on as especially likely to do things this season, and Michigan wouldn't be seen working hard with the shot and the surprised if he made it.

ABE LABEL CONTINUES FAST WORK ON COAST

That Abe Label, the clever boxer who ppeared in amateur bouts here last vinter is still going some is seen from the following report from Los Angeles. Abe Label's defeat of Jimmy Fitten at Hollister last Saturday night should boost the Hebrew scrapper's stock with local promoters far above par. It was one of Label's best fights, and the fighting caliber of Fitten needs no introduction to the transbay fans. bel's knockout of the tough Oaklander leaves no doubt of his clean-cut vic-tory. There can be no argument from Oakland over the score.

Fitten was knocked out in the sevently round, and for a time it was feared that added your "Rah" to an ovation that, to say the least, bore evidence of genuineness. It was when the smiling fight promoter led a party of friends in the cafe after the theatre. Hardly had he cafe after the theatre. Hardly had he passed the door when he was recognized, and fifty or more college students more friends each day, and each day he delivered Fitten was rendered uncondelivered Fitten was rendered unconscious for fully fifteen minutes, and pending his recovery the referee with-

Label is now in line to meet any of the 125 or 130-pound brigade. If "One-Round" Jack Hogan chooses to turn professional, Label will offer himself as the stepping stone (maybe). The Hebrew scrapper is also willing to bet Hogan a snug sum on the side and let the winner take all. Tsis defi goes for all others, if Hogan is bent upon sticking to the ranks of the medal

Considering that there will be much better horses racing around the local tracks next season, the jockey question is a momentous one, as the fields will be larger, and bad riders on good horses frequently upset all form and destroy the chances of their mounts.
